

INSTRUMENTS

SALES

If you are interested in purchasing a Steinway grand from Klangmanufaktur, we would like to invite you to get to know our workshop and our instruments. If you like the quality of our work, we'll start looking for a suitable grand piano for you and begin our bespoke instrument project. We will then refurbish the instrument according to your ideas - in the end you will receive a just-as-new, customized Steinway. If you like, you can closely follow the development of your Steinway grand piano through regular workshop visits.

GENERAL OVERHAUL

In addition to the sale of instruments, we also carry out refittings and repairs on behalf of the customer. We are specialists in turning run-down Steinway grand pianos into mint condition, high quality concert instruments. Our customers include music academies, concert halls, radio stations and foundations. You can find an overview of our references on our website.

As with the instrument sales, you have the opportunity to follow the development of your instrument through regular visits to our workshop. Please contact us for further information on our services, or to discuss an offer.

PIANO RENTAL

For musicians and concert halls across Europe, seeking for a high quality instrument but with no means of buying a Steinway grand, we rent out our Steinways for long-term rent.

The monthly rents are between € 195 and € 375, excluding transport, insurance and maintenance.

INVESTMENT

You may also purchase our Steinway grand pianos as a cultural investment. We rent the instrument on your behalf permanently to artists and concert venues for 4 % rent per year, which is passed on to you in full. This offer is designed for investors, heirs of grand pianos and as a mission investment for foundation capital.
